 - Quota & timer
 - Schedule restrictions

The screenshot shows the 'Category Filtering' interface. At the top, it says 'Category Filtering' with a close button. Below that, 'Category Filter for' is set to 'Administrator' with a dropdown arrow, and a '+ CATEGORY LOOKUP' link is on the right. The interface is split into two columns: 'CATEGORY LIST' and 'BLOCKED CATEGORY LIST'. Each column has a search bar and a 'Select All' checkbox. The 'CATEGORY LIST' contains: Select All, Celebrity gossip, Chats, Classifieds, Clothing and fashion, Community and society, Consumer reviews, and Contact sport. Below this list is an 'ADD TO BLOCKED LIST' button. The 'BLOCKED CATEGORY LIST' contains: Select All, Adult dating, Computer games, Gambling, Hate, Illegal, Porn, and Social networks. Below this list is a 'REMOVE FROM BLOCKED LIST' button. At the bottom, there is a 'WARNING MESSAGE' button on the left, a toggle for 'Enable Category Filtering' (which is turned on), and an 'APPLY TO CLIENTS' button on the right.
